Pupil premium strategy statement – Stretham Community Primary School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview			
Detail	Data		
Number of pupils in school	177		
Proportion (%) of pupil premium eligible pupils	23.7% (42 pupils)		
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	3 years (2023-2026)		
Date this statement was published	31/12/24		
Date on which it will be reviewed	10/07/26		
Statement authorised by	Matt Sweeney		
Pupil premium lead	Matt Sweeney/Megan Barnes		
Governor / Trustee lead	Hannah Parkinson		

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£68,780
Recovery premium funding allocation this academic year	£10,000
Pupil premium (and recovery premium*) funding carried forward from previous years	£2,000
Total budget for this academic year	£ 80,780

Part A: Pupil premium strategy plan

Statement of intent

Improving the achievement and progress of all learners, including disadvantaged pupils, is integral to the key priorities in our school development plan that relate to the quality of education. As a school, our intention is that all pupils make good progress, achieve high attainment across all subject areas and receive the necessary support to develop holistically regardless of their background or the challenges they may face.

The main objective of our pupil premium statement and strategy is to support all disadvantaged pupils to achieve that goal, including progress for those who are higher attainers and to provide a range of life experiences to enhance their educational and social attainment.

We identify the main issues preventing our pupils from succeeding in school and develop interventions to support them. These interventions maybe academic or non – academic and could include emotional wellbeing support such as pastoral support or music and play therapy.

In addition to discussions, observations and responsive teaching, we use a range of assessments including standardised scores and gap analyses to identify specific areas to be addressed to enable our disadvantage pupils to achieve. We do not make assumptions about the impact of disadvantage and ensure that we use a responsive approach that addresses individual needs informed by diagnostic assessment.

To ensure our approaches are successful at Stretham Community Primary School, our aims for the following in relation to our disadvantaged pupils are:

1. To achieve in line with their non-disadvantaged peers and meet national outcomes

2. First quality teaching is consistently high across the school, in order for all groups of learners, but particularly the disadvantaged pupils, to achieve well and make at least expected progress

3. To have access to the same opportunities as their non-disadvantaged peers to allow them equal access to cultural capital and enrichment

4. That gaps in knowledge and skills are identified at the earliest opportunity through effective teacher assessment.

Challenges

This details the key challenges to achievement and progress that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge	
1	To secure consistently 'good and better' quality of teaching across the whole school to ensure 'good and better' outcomes and progress for all learners, and particularly for disadvantaged pupils and for boys.	
2	Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties in developing and applying their key reading strategies to reading comprehension in KS2 than their peers in readiness for secondary school. Progress and attainment in reading is weaker than non-disadvantaged pupils nationally	
3	Assessments, such as ongoing formative assessments through our new phonics programme, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers.	
4	Some pupils show emotional barriers to learning, suffering from anxiety, trauma, behavioural challenges or inconsistent learning behaviours and friendship concerns. Our assessments (including logs of behaviour and concern) and discussions with pupils and families have identified social and emotional issues for many pupils. These challenges particularly affect disadvantaged pupils, impacting their attainment and progress	
	It is vital that we are addressing pupils' social and emotional difficulties alongside academic needs. For many pupil social and emotional needs are a barrier to children accessing their learning. There is a high percentage of vulnerable pupils with persistent absenteeism compared to non- pupil premium pupils and the percentage of pupil premium children attending school on time is lower compared to non- pupil premium pupils.	

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Challenge Number	Success criteria

All children, including the disadvantaged pupils, have access to high quality first teaching across the school impacting on outcomes at the end of Key Stage 2.	1	By 2024/25, Teaching and learning is consistently good or better across the school. This will be evidenced in the monitoring gathered within school and external professional reports. The school achieves national outcomes for attainment and progress. Disadvantaged pupils attain equally to their non-pupil premium peers.	Commented [HP1]: Is this achievable by 2024/25?
Improved reading attainment and progress among disadvantaged pupils at the end of KS2.	2	KS2 reading outcomes (attainment and progress) in 2025/26 are at least in line with national averages for disadvantaged pupils meeting the expected standard.	
Improved phonics attainment and progress among disadvantaged pupils at the end of KS1.	3	KS1 phonics outcomes in 2024/25 are at least in line with national averages for disadvantaged pupils meeting the expected standard	Commented [HP2]: Again is this achievable this year?
To achieve and sustain improved wellbeing for all pupils in our school, in particular disadvantaged pupils.	4	 High levels of wellbeing demonstrated through: Qualitative data from student voice, parent surveys and teacher observations. Significant increase in respectful relationships. Reduction in behavioural issues displayed Increase in participation in enrichment activities particularly among disadvantaged pupils. A reduction in the number of referrals made to our pastoral hub. SDQ questionnaires will demonstrate children viewing themselves in a more positive light. 	Commented [HP3]: How will this be measured?
Opportunities given to support and target SEMH barriers to learning through family or personalised sup- port	4	 pastoral hub logs. Pupils with SEMH barriers to make progress due to interventions and support given to them. Pertinent and personalised pastoral sessions to be provided either on a group or 1:1 basis, allowing children to explore and regulate their own 	Commented [HP5]: How will this be measured?

		 emotions, self-esteem and well-being. SDQ assessments demonstrate that children have a greater self-understanding and are able to identify their own emotional barriers. 	
		 A significant increase in participation in enrichment activities, particularly among disadvantaged pupils. 	Commented [HP6]: What is the baseline for this?
To achieve and sustain improved attendance for all pupils particularly our disadvantaged pupils.	4	Sustained high attendance demon- strated by: Overall absence rate for all pupils to decrease. For the absence rate gap between disadvantaged pupils and their peers to decrease by 1% by the end of the 2025-2026 academic year.	Commented [HP7]: Baseline? Commented [HP8]: By when?
All pupils, but particularly the disadvantaged pupils, have the same access to resources, enrichment and extra curricular activities as their non disadvantaged peers.	4	 All pupil premium children have access to: Appropriate uniform A range of enrichment activities, providing opportunities to attend events or compete representing the school. Attend school trips and residentials A cooked school meal 	

Activity in this academic year This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention) Budgeted cost: \pounds 15,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
To secure consistently 'good and better' quality of teaching across the whole school to ensure 'good and better' outcomes and progress for all learners, and particularly for disadvantaged pupil. Improving quality first teaching (QFT) by: • Maintain a strong focus on QFT in	Supporting high quality teaching is pivotal in improving children's outcomes. Indeed, re- search tells us that high quality teaching can narrow the disadvantage gap. It is therefore hugely encouraging to see a host of new ini- tiatives and reforms that recognise the im- portance of teacher quality such as the Early Career Framework and the new National Professional Qualifications. These exemplify a growing consensus that promoting effec- tive professional development (PD) plays a crucial role in improving classroom practice and pupil outcomes, and this guidance fur- ther reflects this, offering recommendations	All

 our internal CPD (continuous professional development) programme. Develop a whole school coaching model where staff are released to observe best practice both in the setting and in other settings externally. They will then be able to share this with the rest of the staff team. To implement high leverage teaching strategies across the whole school to ensure all children have access to an ambitious and supportive curriculum, 	on how to improve professional develop- ment and design and select more impactful PD. EEF Effective Professional Development		
To secure consistently 'good and better' quality of teaching across the school to ensure 'good and better' outcomes and progress for all learners in reading and phonics - particularly for disadvantaged and for prior middle attaining pupils. This will be achieved through targeted intervention and Continuous Professional	Single biggest school-based factor in im- proving outcomes for children is the quality of teaching. The impact of high quality teaching on pupil outcomes is 3x that of any other school based factor (EEF)	All	Commented [HP9]: This doesn't describe an activity, its an outcome, what is the activity?
Development (CPD) with a focus on high leverage teaching and making learning 'manageable.' To develop our whole school approach to the teaching of writing using the teaching sequence,	In school moderation Cross-school moderation Whole school writing data is below maths and English in each year group	2	

quality texts and progression documents.		
We will continue to:		
 Access external CPD on writing and the teaching sequence. 		
 Maximise support from the LA English Advisor. 		
 Provide regular non-contact time for our English SL to work with class teachers, TAs and external consultants. 		
 Develop a culture of writing by embedding a consistent approach to writing for purpose across the curriculum 		
Pupil premium funding to be used to release staff to attend LA briefings/training and to invest in a new Spelling, Punctuation and Grammar system		
Our whole school objective is to continue to embed Twinkl Phonics, our systematic, synthetic phonics (SSP) programme, to ensure there is a consistent approach to the delivery of phonics from EYFS and across Key Stage 1, promoting high outcomes for all children. Ensure that all classroom staff have an understanding of strategies to support phonic development beyond EYFS and Key stage 1.	Phonics approaches have been consistently found to be effective in supporting younger readers to master the basics of reading, with an average impact of an additional four months' progress. (EEF: Phonics T & L Toolkit). Synthetic phonics approaches have higher impacts, on average, than analytic approaches. (EEF)	3
In addition to this, with a real focus on disadvantaged children,		

assessments from this programme will continue to be used effectively to identify key gaps in phonetical knowledge to ensure that children are receiving targeted, immediate intervention to support their progress.		
To release teachers and Senior Leadership Team to perform pupil progress meetings in the Spring and Summer term	There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers): <u>EEF Social and Emotional Learning.pdf</u> (educationendowmentfoundation.org.uk)	1,2,3
To appoint Pupil Premium 'mentors' amongst the staff team to be a champion for each pupil premium -child in our school.	Child Protection logs of concern show that some of our most vulnerable pupil premium children are not aware of their network of support or have a limited network.	1,2,3,4

Targeted academic support (for example, tutoring, one-to-one support, structured interventions) Budgeted cost: \$35,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Group, Class and 1:1 session with pupils to support their learning and their emotional well-being to ensure pupils are in a position to access their learning. 'Regulate before educate' – importance of addressing pupils' social and emotional difficulties alongside academic needs.	DfE Effective use of Pupil Premium Guid- ance. It is to: • increase pupils' confidence and resilience • encourage pupils to be more aspirational • benefit non-eligible pupils too (EEF) EEF research shows that effective deploy- ment of TAs can result in additional pro- gress in excess of 4 months over the course of a year. Link	4

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 21,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
	Evidence shows the impact of social and emotional learning activities have linked im- provements in self-perception and positive	4

To provide funding for a purpose built pastoral area for our ELSA/pastoral support team/school therapies to take place in.	behaviour, reductions in emotional distress and conduct problems, school engagement, and academic attainment. These factors have also been linked to long-term out- comes such as financial stability in adult- hood, and reductions in adult antisocial and criminal behaviour. <u>Social and emotional learning EEF (educa- tionendowmentfoundation.org.uk)</u> <u>SEMH-Toolkit-of-Evidence-Based-Interven- tions-to-Promote-the-Inclusion-of-CYP-with- SEMH-needs-contents.pdf (babcock- ldp.co.uk)</u>		
 To purchase training to undertaken Strengths and difficulties questionnaire (SDQ) programme, along with impact supplement, to ensure that we are correctly assessing the SEMH needs of all of our pupils, including those who are disadvantaged, providing the necessary support and to be able to assess its impact and effectiveness for each individual child or group. 	Evidence shows the impact of social and emotional learning activities have linked im- provements in self-perception and positive behaviour, reductions in emotional distress and conduct problems, school engagement, and academic attainment. These factors have also been linked to long-term out- comes such as financial stability in adult- hood, and reductions in adult antisocial and criminal behaviour. <u>Social and emotional learning EEF (educa- tionendowmentfoundation.org.uk)</u> <u>SEMH-Toolkit-of-Evidence-Based-Interven- tions-to-Promote-the-Inclusion-of-CYP-with- SEMH-needs-contents.pdf (babcock- ldp.co.uk)</u>	4	
Equal access to enrichment and extra-curricular oppor- tunities	To ensure that pupils have the same access to the cultural capital of non-pupil premium children. This is in the form of trips, visits and	4	Commented [HP10]: This could be strengthened to say what
	extra-curricular activities. Pupil premium chil- dren to play a key role in the forming of new clubs.		the activity is.
To invest in training and re- lease of key OPAL staff to enhance play time and col- laborative opportunities for all children but with a real focus on pupil premium children.	Behaviour logs show that concerns around pupil premium children mainly arise outside where children are limited in activities they can take part in.	4	

Total budgeted cost: £ 71,000

Part B: Review of the previous academic year Outcomes for disadvantaged pupils

Aim	Outcome
All children, including the disadvantaged pupils, have access to high quality first teaching across the school impacting on outcomes at the	67% of pupils met the expected standard in Reading, writing and maths in EoKS2 assessments in 2023-2024. Writing was the main area of concern. 56% of Pupil Premium pupils met the expected standard in
end of Key Stage 2.	Reading, writing and maths in EoKS2 assessments in 2023-2024.
Improved reading attainment and progress among	79% of the cohort met the expected standard at the EoKS2 2023- 2024 for reading
disadvantaged pupils at the end of KS2.	77% of PP children met the expected standard at the EoKS2 2023- 2024 for reading
Improved phonics attainment and progress among disadvantaged pupils at the end of KS1.	83% of the cohort passed the phonics check in Year 1. 33% of Pupil Premium Pupils passed the phonics check in Year 1 (1/3 pupils.)
	92% passed by the end of KS1.
	83% of Pupil Premium pupils passed by the end of KS1
To achieve and sustain improved wellbeing for all pupils in our school particular disadvantaged pupils.	Personalised support and ELSA support given to all pupils where needed. Pastoral hub implemented and well-attended by pupil premium pupils.
Opportunities given to support and target SEMH barriers to learning through family or per- sonalised support	Personalised support and ELSA support given to all pupils where needed. Pastoral hub implemented and well-attended by pupil premium pupils.
To achieve and sustain	Pupil Premium attendance for 2023-2024 was 94.9%
improved attendance for all	Nationally this was 95.3%
pupils particularly our disadvantaged pupils.	Cambridgeshire was 95.6%
	Whole school attendance:
	Stretham – 95.5%
	National – 95.3%
	Cambridgeshire – 95.6%
	This is an improvement on last year, however, we are striving for our attendance data to be above both local and national averages for Pupil Premium children as well as closing the attendance gap between Pupil Premium children and their peers and want to continue the work around this.
All pupils, but particularly the disadvantaged pupils, have the same access to resources, enrichment and extra curricular	40% of our Pupil Premium children attended an extra curricular club in 2023-2024. We wish to continue working on this by offering a wider range of activities. In context, 60% of the school attended at least one extra curricular club last year.

activities as their non disadvantaged peers.
